

MEETING

16 August 2009

PRESENT:

There were five people present and two apologies.

TOPICS of DISCUSSION:

Book Donation to Library

Christie contacted the manager of the Armidale Library and he is happy to accept a donation of books from EVNE. He even suggested that if we write an article and call the Armidale Express they would probably send a photographer and print an article about the donation.

Becoming an AEVA Branch

We would like to encourage everyone to attend the October meeting as we will be electing officers. We now have eight paid AEVA members which is just two short of the ten required. Because the New England region is rural and contains a fraction of the population of the major cities a case might be made to allow us to become a branch before we reach the requisite number of members.

SLEX Stand

The Sustainable Living Expo is 25-27 September and we will be manning an AEVA stand. Nathan Bolton will be bringing Sparky, TEVCCO will be displaying a Carry Van, and Christie & Ray will be showing their Capri. We need people to man the information table. Bill Kelly has already volunteered to help one day. We could really use someone who could help between 10am and 2pm on either of the other two days. Please contact Christie at christie@thearmidalemall.com if you can lend a hand.

Armidale Electric Trolley

Kel asked if anyone knew the fate of the Electric Trolley that Armidale Council was using as a tour bus. Christie offered to call Council to find out what had happened to it.

NEXT MEETING:

The next meeting of EVNE will be 18 October at 291 Beardy Street from 3pm to 5pm.
